

even for the most demanding customers.

Commitment, dedication, efficiency and research are the key aspects that contributed to the fast Flavourland in flavours. To operate under the 'well doing' in respect of consumer's health (D.lgs.193/HACCP) and quality (certificazione ISO 9001 2008-BRC-IFS), from the flavour sampling to its production, are the foundations on which Flavourland has built its business project. Project which goes well beyond the time and circumstances. Our race for innovation, technology and the scientific way of working goes ahead!
