Business Offer

Environmental Law Practice

Giambrone's dedicated team of specialist environmental lawyers provide strategic and regulatory advice on complex transactional and litigation issues to project developers and lenders, industrial operators, financial institutions, institutional investors, government agencies, utilities regulators and multi-national corporations who represent a wide range of industry sectors such as chemicals; cleantech; healthcare; pharmaceuticals; power and renewable energy; and waste management and disposal.

Our environmental lawyers can provide comprehensive and straightforward advice in relation to:

- administrative procedures for obtaining environmental permissions
- reporting and auditing on waste management from storage to disposal operations & recycling
- discharges of industrial wastewater & environmental damage
- remediation of contaminated land
- pollution - including: air, electromagnetic, noise, and marine
- claims for environmental damage
