Description

Asia Alps Wine is dedicated to promote and supply top quality wines from the best wine regions of Alps and Europe to China and Asia. With one of the world's top enologists, Bojan Kobal, our wine selector, we fully ensure our supply chain quality and best price-quality ratio. We are successfully cooperating with many of Europe best wine producers, with rich history and award winning wines. Asia Alps Wine is group of companies in Slovenia, Hong Kong and PR China, so we control complete logistic way from export to import, warehouse and distribution. In this way we can assure that wines keep their quality during transportation and assure low costs of logistics so our customers can enjoy in quality wines and best prices. Asia Alps wine group is also cultural bridge between Slovenia and China, bridge between Central European countries and China, bridge between Europe and China, with promoting Slovenian, European culture in China, and promoting Chinese culture in Europe. Asia Alps wine is always part of the biggest wine events in China. We organize seminars with the Slovenian top oenologists about the wine culture and wine producing. Asia Alps Wine is also promoting Slovenia as country with most beautiful and rare treasures. It will take you only two hours by car to get from swimming in the Adriatic sea to skiing in the Alps, from taking a memorable boat trip on one of our beautiful lakes to visiting one of 20 magnificent caves, from spending a wonderful time in one of our health spas and resorts to enjoying traditional Slovenian culinary. As Slovenia lies geographically in the heart of Europe, from here it is easy to visit other countries and cities of old Europe.
