Children's Wearing / LOTO SRL □□□□

LOTO SRL by means of Kid's Company, is an important Italian company specialized in children's wear sector. Kid's Company was founded twenty years ago by a family tradition in the field of children's clothing. A small shop which,

while evolving in the production process, has kept special attention for the typical work of craftsmanship. The success of the collections and the love for the children's world has given birth to a modern business reality, where creative identity is understood as the fundamental asset. The use of fine fibers and attention to detail, combined with excellent value for money, are the strengths of the brand strategy. The interpretation of the authenticity and naturalness of childhood. It is in these words that we recognize the leadership and the spirit of the collections Kid's Company. A complete wardrobe from zero to twelve years, where style bon ton translates into clean lines, simple and elegant. The choice of natural fibers and attention to detail are the key points of each collection. A careful study of the fashion trends and ongoing research in the field of textiles, are the answer to a world that requires expertise and specialization. Next to modern technology, many processes are done by hand, thus combining the experience of seamstresses and embroiderers with the use of more advanced computer systems.
