

**Progettazione e Realizzazione** di: Impianti elettrici e speciali – Cablaggi strutturati – Quadri elettrici – Cabine MT/BT – Impianti Fotovoltaici - Impianti Idrici – Termotecnici – Climatizzazione Impianti antincendio – Opere edili e infrastrutture – Realizzazioni opere “Chiavi in mano”

## WE REALISE YOUR PROJECTS

### OFFICES- HOTEL AND RESIDENCES – RESTAURANT- AUDITORIUM AND THEATRES - INDUSTRIAL COMPLEXES - BANK BRANCHES - BARRACKS - CAR PARKS - SPORT FACILITIES

G.R. ELECTRIC can assist you in the realisation of your projects at every planning and development stage.

G.R. Electric’s proven organisational expertise means it is able to manage all design and planning phases of complete projects, both construction and installation, including all necessary bureaucratic and administrative paperwork.

Approaching the market as a one-stop shop, it can also manage all of the production and coordination phases of the various operating companies, and all necessary activities right through to the delivery and inspection of the works.

In addition, G.R. Electric also manages any eventual moving activities regarding the complete transfer of the operational areas in the new locations.

The after-sales service also guarantees the correct and regular maintenance of products and systems.
